

# Usability Test User Guide

## Tasks:

Consult the website to perform the tests:

Task 1	Register your account and enter the application.								
		Very difficult	<table><tr><td>1</td><td>2</td><td>3</td><td>4</td><td>5</td></tr></table>	1	2	3	4	5	Very easy
1	2	3	4	5					

Task 2	Create a Project to start over the next week and add paulo.alberto@ua.pt as a collaborator that can only be seen.								
		Very difficult	<table><tr><td>1</td><td>2</td><td>3</td><td>4</td><td>5</td></tr></table>	1	2	3	4	5	Very easy
1	2	3	4	5					

Task 3	Access your personal calendar and check that the current dates for your Project are correct.								
		Very difficult	<table><tr><td>1</td><td>2</td><td>3</td><td>4</td><td>5</td></tr></table>	1	2	3	4	5	Very easy
1	2	3	4	5					

Task 4	Add a product to the project. Then add a quote of your cost and availability.								
		Very difficult	<table><tr><td>1</td><td>2</td><td>3</td><td>4</td><td>5</td></tr></table>	1	2	3	4	5	Very easy
1	2	3	4	5					

<b>Task 5</b>	Add a service to the project. At the end, mark it as done.			
		Very difficult	1 2 3 4 5	Very easy

<b>Task 6</b>	Consult the project calendar and check the timing of the values you added before.			
		Very difficult	1 2 3 4 5	Very easy

<b>Task 7</b>	Log out of your session and log into your paulo.alberto@ua.pt account, with the password 123456. Check that you are added to the project you created earlier.			
		Very difficult	1 2 3 4 5	Very easy
